

**QUALITY CONTROL LABORATORY  
DATA SHEET**

**Description: TES-Z 7802 V22**

Property	Unit	Standard	Requirement
EXTRUSION	/	MA-L2-023	Comply
COLOUR SHEET	/	MA-L2-025	Comply
DENSITY	gr/cm <sup>3</sup>	ISO 1183	1.28 ± 0.02
INDENTATION HARDNESS SHORE A (15")	Shore A	ISO 868	79 ± 2
TENSILE STRENGTH AT BREAK	MPa	EN ISO 527-2	≥ 16
TENSILE ELONGATION AT BREAK	%	EN ISO 527-2	≥ 320
THERMAL STABILITY (200°C)	min	CEI EN 60811-3-2	≥ 40

**Absence of the SVCH substances defined in the REACH regulation and following updating.**

**Compliance to Directive 2002/95/EC (RoHS) and following updating.**

DISCLAIMER: these data are the results of measurement performed in conformity to our quality system. The data given are the results of our best knowledge and technologies. These ones may change if they will be repeated in other different laboratory with different equipment, however they are reasonable given and right considered. Industrie Generali S.p.A. doesn't guarantee the total precision and completeness of these data. Everybody will receive these information will use them in correct way and it will be his own responsibility (Directive n° 224 dated 24/05/1988 and CEE directive n°85/374) to evaluate the product ability (also safety) for the application before use it.
